

1434

Probably built about 1190
Abandoned int 434

Angkor-Thom was probably one of the largest cities in the world in its time

In and around Angkor-Thom lived some 30 million people. It was one vast rice field irrigated by water from the Mekong & other rivers

1434

The Canals of Angkor Wat were destroyed.

The Capital was moved to near PHNOM PENH and Angkor was left to the jungle.
